Grand Opening of Our 5th Health Center

With the help of a generous donation from board member Janet Boyle, we were able to open the new Planned Parenthood Express Health Center at Deerfield Beach in April. Now we can serve the overflow from the Boca Raton center and provide services to this area in Broward County. Pill pick-up

will be express here, thus the name, along with many other services. Actress-activist Heather Tom joined us at the opening following her rousing speech at the Volunteer Appreciation Luncheon the same day. It was a grand day of celebrations for the affiliate!
